

Student Name: _____

Grade: _____ Date: _____

ANDY GRIFFITHS

1. The new book by Andy Griffiths, "The 78-Storey Treehouse", measures 197 mm tall by 129 mm wide. Find the perimeter of one page of the book.

2. Aussie swimmer Kyle Chalmers won gold in the 100 m freestyle swimming. If he swam at 2 metres per second, what would his time be for the 100 m event?

3. For Book Week next week, Jenny and Johnny decided to dress up as Superwoman and Superman. Each of those costumes was available at a half-price sale for \$24.99 each. If the half-price sale was NOT on, what would have been the total price they would have had to pay for the costumes?

4. The cost of raising a medium-size dog for eleven full years has been worked out as \$16,400. How much per year would that be?

5. Last week the website for the Australian Government's census broke down. Some people had to wait 6 hours before they could fill out their census online! If Eddie started filling out the form online at 4.20 pm and had to wait $6\frac{1}{4}$ hours to get the form accepted, what time was he finally able to submit his form?

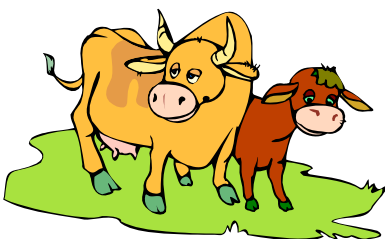

6. The song "Cheap Thrills" by Sia is one of 8 Australian songs on the ARIA top 50 charts. What fraction of those songs are by Australians?

7. John, going on holiday, spends $2\frac{1}{2}$ times as long arranging his "digital packing" (phone, tablet, laptop, WIFI check) as he does packing clothing. If he spends 4 hours doing the digital packing, how long does he spend packing clothes etc.?

8. A newspaper is selling Doggy Jumpers in AFL colours for \$49.95 each. They come in 3 sizes, but are all the same price. Using the chart below, try to estimate the missing numbers in the chart...

	chest	body length
S	48cm	37cm
M		
L	78cm	57cm

9. Open-Ended Question: On Joe's Dad's farm, there are 3 times as many sheep as there are cows. If there are no more than 200 cows and sheep in total on the farm, how many of each animal may there be? Give 3 possible answers.

ANSWERS – EdShop Upper-Primary Worded Worksheet MP 30 16

1. Perimeter = 652 mm
2. 50 seconds
3. \$99.96
4. \$1,490.91 per year
5. 10.35 pm
6. $\frac{4}{25}$
7. 96 minutes = 1 hour 36 minutes
8. Chest = 63 cm boy length = 47 cm
9. Various answers
