

Castletown NEWS

NEWSLETTER 1, TERM 1

6 MARCH 2026

A passionate learning community that inspires, challenges, and supports all students to succeed, and empowers them to be resilient and respectful

CONGRATULATIONS
TO OUR 2026

Student
LEADERS

FROM THE PRINCIPAL

Dear parents and families

It has been a fantastic start to the term, and I want to acknowledge our students, staff and families for the positive, settled tone across the school. The consistent processes, shared language and clear expectations we have been embedding are making a noticeable difference in classrooms and around the school. Thank you for your ongoing support in reinforcing these messages at home.

A warm welcome to the new students and families who have joined Castletown Primary School over the past few weeks. We hope you are already feeling a part of our vibrant and caring school community.

Over the last fortnight, it has been wonderful to meet with both our P&C and our School Board. Their enthusiasm, partnership and commitment to supporting our school direction is always appreciated. Many of our school committees, PBS, Community Relations, Cultural Responsiveness, Restorative Practice and Sustainability, have also met to continue their amazing work for the year. Thank you to the staff for helping to highlight the importance of these areas.

Our Sustainability team, in particular, has made great progress. Plans for developing the sustainability space around the kitchen container are really coming together, and we're very excited about what this will offer our students. The roof looks amazing and we are in a great space to move forward. A huge thankyou to Michael Drake-Brockman and his team, and also the Mount Burdett Foundation for enabling the project to come to life. If any families or community members know of expertise, materials, or possible donations that could support the project, we would love to hear from you.

Last Wednesday, our Student Councillors took part in a 'Walk on Country' at Taananeditj (Rotary Lookout) with Dabungool Cultural Experiences. It was a meaningful and memorable learning experience for our leaders, deepening their understanding of local culture and connection to Country.

Looking ahead, NAPLAN begins next week for our Year 3 and 5 students. Staff have been preparing students in a calm and supportive way, and we appreciate families keeping routines consistent during this period.

A reminder that our Faction Athletics Carnival is coming up in Week 7, followed shortly after by Castletown hosting the Interschool Carnival. We look forward to seeing our students demonstrate their sportsmanship, teamwork and resilience across both events.

Thank you for your ongoing support, it is shaping up to be a terrific term.

Kind regards,

Mr David Vooght-Simpson
Principal

DEPUTY'S DESK - NAPLAN

NAPLAN testing begins next week and will continue on until Wednesday 18th March. A copy of our revised schedule has been sent out to Year 3 and 5 parents.

NAPLAN is a compulsory assessment in Years 3 and 5 in Primary schools (Year 7 and 9 in high schools) that all students take part in, with accommodations made for students with additional needs.

But before they do those tests, there is something very important that all our students should know.

The tests do not assess all of what makes each student exceptional and unique. The people who mark the tests don't know that some of you love to sing, are good at drawing or can teach others how to code or kick a ball. They have not seen the way that some of you can dance with grace, or speak confidently to a large group of people. They are not aware that your friends can count on you to cheer them up when they are sad. They do not know that you are caring, kind, thoughtful and that every day you work hard, are respectful and do your best. That you are a Castletown Superstar following our Castletown Expectations. Because all these attributes cannot be tested.

In Remembrance

It is with great sadness that we share the heartbreaking news of the passing of former Castletown student, Ben Spencer. Ben was a kind and memorable presence during his time at our school, and he brought a warmth and spirit that left a lasting impression on those who knew him. We also hold close in our thoughts his devoted mum, Sharon, who was an important part of our school community and was always willing to help whenever needed.

During this incredibly difficult time, our thoughts and deepest condolences are with Ben's family and friends. As a school community, we stand together in remembrance and in support of one another. Ben will be deeply missed.

The results you will get from these tests will tell how you did on that day but it will not tell you everything. They won't tell how much you brighten up your teacher's day, or how proud of you your parents and teachers are. They can't tell you how amazingly special you are!

So next week, come to school ready to do your best for the NAPLAN tests, and remember there is no one way to 'test' all the wonderful things that make you, YOU!

But we know! 😊

Julie Fetherston
Deputy Principal

INSPIRE • EDUCATE • SUCCEED

Dear Mr Drake-Brockman,

We really appreciate everything you have done to make the outdoor kitchen a reality. On behalf of Castletown Primary School, thank you very much for helping our sustainability area grow.

The new roof looks amazing, and we are excited to use this new area for our cooking with all the herbs and spices we will grow in the garden. Thank you for all your hard work and effort.

Kind regards,

The Student Councillors
Castletown Primary School

Meet our new teachers!

ASSEMBLY HIGHLIGHTS

Rooms
9 & 10

Our first assembly of the year was a fantastic success, filled with enthusiasm and school spirit!

Rooms 9 and 10 set a wonderful tone with their creative and entertaining "Who Are You?" game show, introducing both new and familiar staff in a fun and engaging way while celebrating everyone's unique strengths.

We were proud to present our Faction Captain badges and announce our 2026 Wellbeing Leaders.

Congratulations also go to Room 12 for winning the Golden Broom and to Room 11 for being the very first recipients of our new Golden Jackets award.

A special well done to all students who received merit certificates and to our Aussie of the Month —what an outstanding achievement so early in the year!

2026 is already shaping up to be something special!

Sarah Simpson Year 1/2
Sarah joins Castletown PS after teaching at Salmon Gums PS and Boulder PS.

Jade Lamb Year 2/3
Jade joins us from Northcliffe DHS, where she taught a combined Year 3–6 class and specialised in Literacy Intervention.

Amanda Friis Year 6
Amelia is a graduate from ECU and joins us after teaching at West Greenwood PS.

2026

FACTION CAPTAINS

*Very proud Faction Captains standing with Mr Pansini our Physical Education Specialist:
Theo, Benji, Brooke, Austin, Levi, Oriana, Brooklyn, Liam, Mila, Jade, Rosalina, Deacon.*

WELCOMING OUR 2026 KINDY CREW!

Our new Kindy students have officially begun their learning journey, and what a fantastic start it has been! The classrooms have been filled with happy faces, excited energy and plenty of busy little hands exploring their new environment. While a few parents may have shed a tear (completely understandable!), the children settled in beautifully and jumped straight into the fun. We're so excited to support them as they learn, grow and shine throughout the year. Here's to an amazing year ahead for our newest Castletown learners!

DISABILITY RESOURCING AND SUPPORT AT CASTLETOWN PRIMARY SCHOOL

At Castletown Primary School, we aim to be transparent and share some information about how disability resourcing works at our school. We are committed to supporting all students to access learning successfully and access support through the Department of Education's Disability Resourcing System (DRS).

To apply for funding, students must have a diagnosed disability or be on a formal waitlist for assessment. Eligible categories include Autism Spectrum Disorder, Intellectual Disability, Global Developmental Delay, Physical Disability, severe mental health or psychiatric conditions, and vision or hearing impairment. Applications are reviewed by the Department of Education and funding is allocated to the school based on the level of support required.

Funding is used flexibly to provide learning adjustments, specialised resources, staff professional learning and additional staffing. We are fortunate to have a skilled team of Special Needs Education Assistants supporting students with additional needs.

These Education Assistants may work one-on-one, with small groups, or in the classroom, providing support that helps teachers deliver reasonable adjustments for students with additional needs.

Common misconceptions:

- Therapist/Doctor recommendations do not automatically result in an Education Assistant
- ADHD (Attention-Deficit/Hyperactivity Disorder) or SLD (Specific Learning Disorder, such as dyslexia or dyscalculia) do not attract disability funding, although students are supported through school-based strategies
- Education Assistant support is not automatically full-time and may be shared or flexible depending on need

If you are considering or pursuing assessment for your child, please contact the school to discuss how we can support you.

Kate Toop and Susie Watt
Learning Support Coordinators

AUSTRALIAN BAROQUE VISIT

This week we had our first visit from Helen Kruger of Australian Baroque. She led our students through some musical and rhythm activities, shared about her instrument, a violin and introduced a singer/songwriter, Felicity Groom who performed one of her original songs and then supported Helen with the musical activities.

This musical program will be coming to Castletown PS and Nulsen PS twice a term, with different performers and instruments, working in all classes. These activities will then culminate in a musical performance of our Year 4-6 students at the Civic Centre with a combined Choir from the two schools performing on stage in September. This is an amazing opportunity for our students, learning from professional musicians and experiencing the joy of music.

ROOM 3, YEAR 1/2

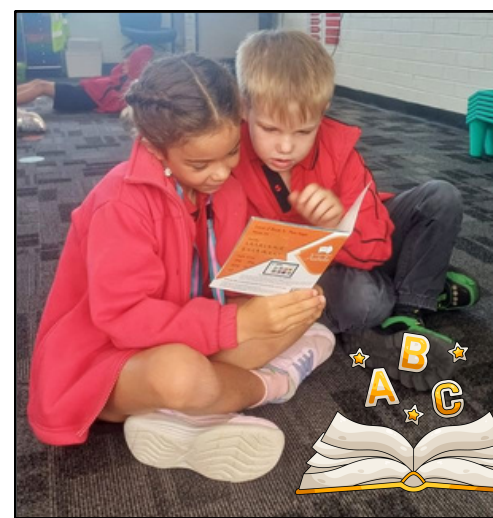

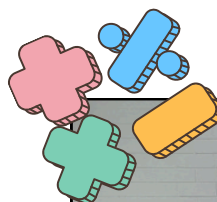

Room 3 has had a spectacular start to the year!

We have been settling into routine, building positive relationships, and sinking our teeth into our curriculum areas. Having completed our first maths unit on subitising, we have now improved on using our "superhero eyes" to identify groups of numbers without counting!

We have also been greatly enjoying our time at the computers, where we are improving our typing and general technology usage skills.

I look forward to seeing all we will accomplish this term.

Sarah Simpson
Teacher

ROOM 4, YEAR 2/3

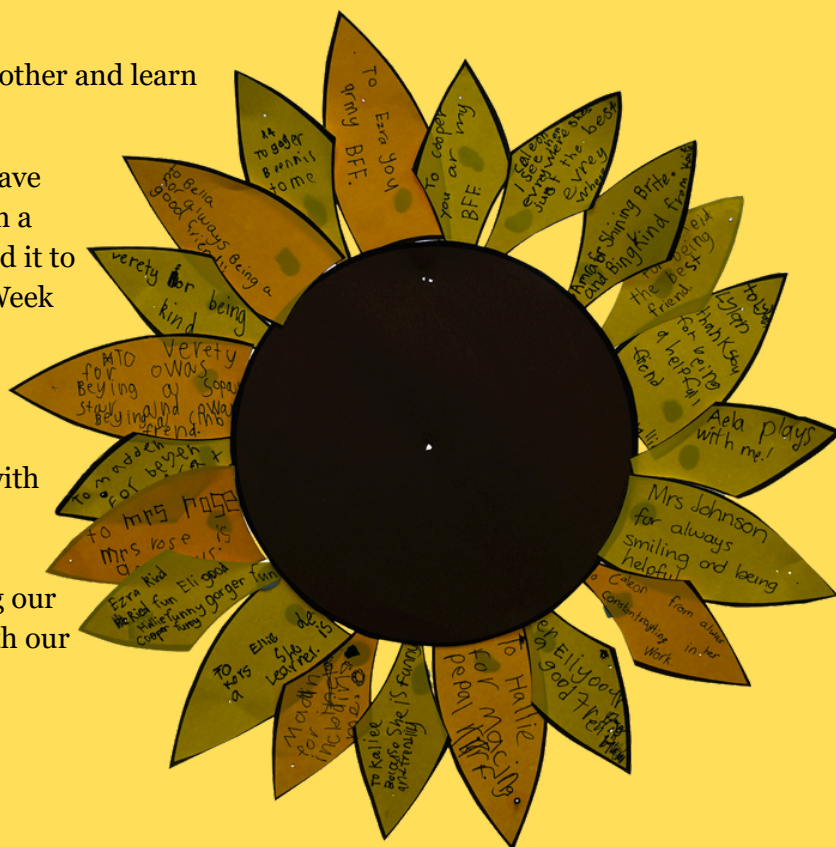

In Room 4 we have been getting to know one another and learn our new class routines.

Our focus as a class has been kindness and we have started a "Sunflower of Kindness" we write down a kind thought about someone in our class and add it to our sunflower. We also have a Thought for the Week we read through every morning and practise during recess and lunch.

Our Year 3 classmates have been preparing for NAPLAN, whilst our Year 2s are working hard with spelling and reading. Our class also has been completing homework grids with some of tasks involving competing "Home Duties" like making our beds, helping with dishes and playing games with our families or friends.

We have been very busy!

Nicola Rose
Teacher

ROOM 6 MINI WINTER OLYMPICS!

Room 6 hosted their own Winter Olympics, complete with student-designed competitors in custom team colours. The athletes “competed” in ski jumping, figure skating and tobogganing.

It was a fantastic blend of imagination, teamwork and hands-on fun!

Jena Ralston
Teacher

Gold medals all round for Room 6!

STEM ROOM NAME TAG CHALLENGE

In their first week back, students kicked off STEM with a creative name-tag design challenge. Year 6 students were tasked with building a 3D name tag that could stand on its own, while Years 1-5 created tags showcasing their name, favourite colour and at least three favourite things.

For an extra twist, students could even engineer a pencil holder into their design!

The results were fantastic—bright, clever and wonderfully unique name tags from every class.

Julie Dalling

FROM THE ART ROOM

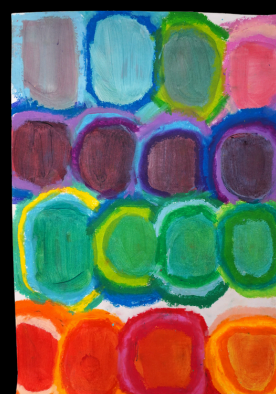

Abstract Art Exploration Rooms 9, 10, 11, and 12 have been exploring abstract artworks by Janet Skates. Students practised the technique of layering, beginning with analogous colours as a base. They then applied either cool or warm colours for the second layer, followed by high- and low-contrast colours to create dimension. We examined the principles of harmony and balance, and students added detailed patterns for the fourth and final layer. Throughout the process, students were encouraged to express their ideas creatively. We were amazed by the individuality and the quality of the final, process-driven artworks.

Mixed Media Colour Fun Rooms 6, 7, 13, 14 and 21 commenced this term looking at colour theory. They mixed primary colours to make secondary colours in gradients, exploring value. They discovered that using red, yellow and blue created all the colours in their artworks. The students used analogous colours (those close to each other on the tertiary colour wheel), to outline their new colours. They created both high and low contrast as borders to their new colours.

Colour-Mixed Monsters Rooms 1, 2 3, 4, and 5 created colour-mixed monsters by mixing primary colours to make secondary colours. We combined blobs of red, yellow, and blue to create unique shapes. Using a scraper, we pulled and pushed the colours together, which resulted in orange, green, and purple. We then transformed our shapes into monsters with unique features inspired by the forms that emerged. Implied texture was added for hair and fur using expressive stroke marks and lines. The personality of each monster was enhanced through the placement of eyes, eyebrows, and mouths. Most of our monsters were friendly and funny.

Pre-primary classes have been learning about cool and warm colours. Students have explored a variety of line types and used them to create patterns. Through this process, they have developed their understanding of colour theory while experimenting with creative line work and design.

Rae Maguire

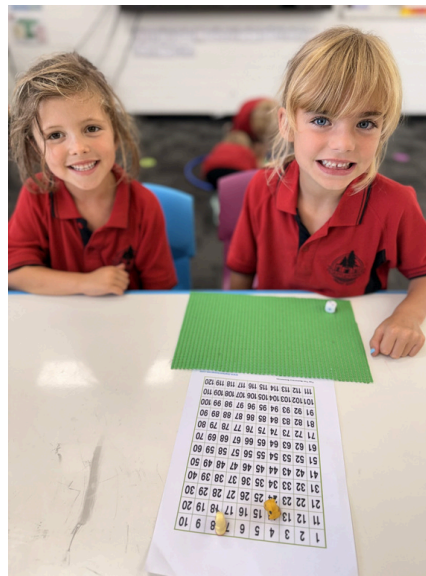

TOP TEN MATHS

Our school is proud to use Top Ten Maths, a program that helps children build real understanding and genuine confidence in mathematics. Created by experienced Australian primary teachers, Top Ten makes maths meaningful, hands-on and enjoyable for every learner.

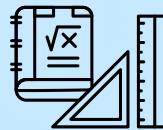

In Top Ten lessons, children actively explore maths using concrete materials such as counters, blocks, number lines and place-value tools. They talk through their thinking with classmates, investigate real-life maths situations, test ideas, notice patterns and record their discoveries in their own words. Rather than memorising steps, students learn by doing — reasoning out loud, modelling ideas, and building strong conceptual foundations that last.

Top Ten's mission is simple: to help every Australian child fall in love with maths and grow into a confident, capable learner.

From the Maths Leadership Team

ROOM 10 REAL WORLD MATHS!

Last week we got outside and used our metric conversion knowledge to measure and convert long jumps. We worked in teams to jump, record and convert. We then made comparisons to World records and completed multi step operations to solve “real world” maths problems.

PHYSICAL EDUCATION

This term, our students are diving into an energetic and engaging athletics program designed to develop the skills, fitness, and confidence they'll need to shine at our upcoming **Whole School Athletics Carnival**. The carnival is always a highlight on our school calendar, bringing together students, families, and staff for a day of community spirit, encouragement, and friendly competition — and we're gearing up for a fantastic event.

Throughout the term, every class is building proficiency across the core athletics disciplines. Students are practising:

- **Short-distance sprinting** – focusing on explosive starts, speed, and running technique
- **Long-distance running** – developing endurance, pacing, and resilience
- **Throwing and catching skills** – improving coordination, accuracy, and fundamental movement skills
- **Long jump** – learning proper take-off, flight, and landing techniques

Lessons are hands-on, fast-paced, and filled with opportunities for students to challenge themselves, work together, and celebrate their improvements. It's been wonderful seeing students set goals, support each other, and push to achieve their personal best.

As we move closer to Carnival Day, excitement is building across the school. Our athletics program ensures all students feel prepared, confident, and eager to take part. We look forward to welcoming our families and wider community to what promises to be a vibrant, energetic day celebrating student achievement, teamwork, and school pride.

Let the countdown begin!

Damien Pansini

Physical Education Specialist

FUN FACT

Capsicums are actually part of the fruit family, but they are prepared as a vegetable. If left on the plant long enough, they turn from green to red, gold or yellow. Red capsicums have the sweetest flavour and are also highest in vitamin C compared with the other colours.

LIBRARY BUZZ

The library has kicked off the year with a vibrant Chinese/Lunar New Year display, a wonderful way to celebrate new beginnings. It has been lovely to hear from staff and students about how they celebrate Lunar New Year at home.

Lunchtimes in the library are already buzzing with activity

The paper plane boys are back and taking their creations to the next level!

Using a "how to make and fly paper planes" book from the library, they have been designing some very impressive, high-tech planes and testing how well they fly.

A friendly reminder to families to please help your child remember their library day, return their books, and bring along their library bag so books can travel safely between school and home. Thank you!

We would also like to welcome Justine from ESHS, who will be joining us in the library every Wednesday this year as part of her work placement. We are very happy to have her helping in the library!

We are looking forward to another fun-filled year of reading, discovery and exciting library activities!

Sally Castledine
Library Officer

A WALK ON COUNTRY

On Wednesday our Student Leader team had the chance to take part in a Walk on Country at Taananeditj (Rotary Lookout) with Dabungool Cultural Experiences.

As we walked, we were shown how Noongar people have always used the land carefully and respectfully. We learnt that every plant has a purpose, whether it's for food, medicine, tools, or teaching.

What stood out most today was realising how connected everything is, the land, the plants, the animals, the people, and the stories. We weren't just learning about plants; we were learning about how to care for Country, how to respect what grows here, and how to see the landscape through a different lens.

We left feeling proud, grateful, and inspired to keep learning about the Country we live and learn on every day.

CONTRIBUTIONS & CHARGES NOW DUE

Thank you to everyone who has already paid their school fees for 2026.

All charges for books and early years activities are now due, invoices/statements were sent out in February. If you require any additional information, please speak with our administration team.

Contributions help cover essential materials, services, and facilities, with a set contribution of \$60 per child, as outlined in the School Education Regulations 2000.

Charges apply to extra activities and resources not covered by contributions, such as exercise workbooks, scrapbooks, and Spelling Mastery books.

For further details, please refer to the documents below:

- [2026 Contributions and Charges Brochure](#)
- [2026 Contributions and Charges Payment Form](#)

Be a Learner

Be Responsible

Be Resilient

Be Friendly

Positive Behaviour Support (PBS)

As a PBS school, we are committed to proactively teaching and reinforcing positive behaviour. PBS provides a framework for establishing a school culture where students are encouraged to be respectful, responsible, and engaged in their learning.

Our PBS program is built on the following elements:

- **Clear Expectations:** We have clear, consistent, and communicated expectations for student behaviour across all settings (e.g., classroom, playground, assemblies).
- **Teaching Behaviours:** Positive behaviours are explicitly taught, modelled, and practiced in various contexts.
- **Recognition & Reinforcement:** Positive behaviours are regularly acknowledged through a variety of feedback and recognition strategies to reinforce desired behaviours.
- **Ongoing Monitoring:** Behavioural data is recorded and analysed using Compass/Kaartdijin to track trends, provide early intervention, and assess the effectiveness of interventions.
- **Define expected behaviours:** We set clear behavioural expectations for all students and staff, with visible examples in different areas of the school.
- **Teach and practice behaviours:** We develop a school-wide plan to ensure that all students learn the expected behaviours consistently, guided by all staff. Through behaviour skits, school produced videos, PA announcements, and even celebrity video calls, we reinforce the significance of positive behaviour and highlight how it can contribute to a successful and fulfilling life.
- **Encourage positive behaviour:** We implement systems to acknowledge and promote expected behaviour, involving the entire school community.

Our mid term PBS Sports Dress Up Day is just another inclusive way our school helps to reinforce positive behaviour

For more details please refer to our [Behaviours for Learning Guidelines](#)

Through these actions, we work together to create a positive and supportive school environment for all.

Dates to Remember

Wednesday 11th - 23rd March 2026	NAPLAN
Friday 13th March 2026	Assembly 2pm
Thursday 19th March 2026	Athletics Carnival - Jumps & Throws
Friday 20th March 2026	Athletics Carnival - Running & Team Events
Friday 27th March 2026	School Development Day Students do not attend Parent Interviews
Wednesday 1st April 2026	Easter Egg Raffle Assembly 2.30pm
Thursday 2nd April 2026	Interschool Sports @ CPS
Friday 3rd April 2026	Good Friday
Monday 20th April 2026	School Development Day
Tuesday 21st April 2026	Start of Term 2

Scholastic Book Club

ORDERS DUE ONLINE 1PM FRIDAY MARCH 13th.

Look out for your copy of Book Club coming home in your child's schoolbag. It's packed with hundreds of books from just \$3 and a \$5 discount code to help you on your child's reading journey.

To order, use your existing book club LOOP account, (update your children's details, select room number and teacher), or for new users go to scholastic.com.au/LOOP to register (choose the CASTLETOWN PRIMARY SCHOOL B/C account). Alternatively, download the LOOP app from the App Store or Google Play. **NO CASH PAYMENTS ACCEPTED.**

The P&C coordinates the book club for our school twice a year, during term 1 and term 3. Parents can order online throughout the year and pay individual postage, which will still earn rewards for our school.

Thank You

Dear Suzie,

They say it takes a village, but every village needs a visionary to keep the gears turning. Thank you for being ours. Your incredible dedication as P&C President over the last two years has transformed the way our community connects. From the late-night emails to the tireless event planning, your impact is felt in every corner of the school.

The school is a brighter, better-equipped place because of your hard work. You've set a high bar for excellence, and we are so lucky to have had you at the helm!

With deepest gratitude,
The Entire School Community

DV-alert

Domestic and Family Violence Response Training

2-Hour DV-aware Workshop

For the general public

About 2-Hour DV-aware Workshop

2-Hour DV-aware is an interactive workshop where you will learn how to recognise and respond to domestic and family violence and what you can do to help make a difference.

In attending our 2-Hour DV-aware Workshop, you will:

- know how to identify the different signs and forms of abuse that constitute domestic and family violence
- learn about the Cycle of Violence and the Power and Control Wheel (The Duluth Model)
- reflect on and share what you can do if you know someone who is experiencing domestic and family violence
- have an opportunity to network with other individuals
- receive tools and resources for domestic and family violence support and referral.

Why DV-alert?

DV-alert is led by experienced trainers dedicated to reducing violence against women and their children. Our 2-Hour DV-aware Workshop provides a safe space to learn, connect and be empowered to recognise and respond confidently to those in crisis.

Who is it for?

- Anyone living in Australia
- Minimum age 18-years-old
- Also suitable for organisations.

Cost

This workshop is free for adults.

Contact us

For further enquiries contact: training.dvalert@lifeline.org.au

Delivery of training and assessment on behalf of Lifeline Australia (RTO 88036)
Funded by the Australian Government Department of Social Services.

Esperance Hockey Association – 2026 Season Registrations Now Open!

*We're excited to welcome
all new and returning
players to the
2026 hockey season!*

Whether you're picking up a stick for the first time or returning for another great year, we'd love to see you involved.

Junior registrations close on 6th March to allow us time to finalise teams and prepare fixtures for the season ahead.

If your child is planning to play, please make sure you register before this date so we can place everyone into teams.

Senior registrations will remain open a little longer, however we encourage all players to register as early as possible to assist with planning –

especially with our turf development underway this year.

We accept KidSport vouchers for eligible players.

To register, simply follow the link below and complete the process via Revolutionise – it's quick and easy:

<https://www.revolutionise.com.au/esperancehockey/registration>

If you have any questions:

✉ Registration enquiries – Kayla McDonald:
esperanceregistrar.hockey@gmail.com

✉ Junior competition enquiries – Matt Ryan:
esperance.junior.hockey@gmail.com

We're looking forward to a fantastic 2026 season! 🏒
