

Castletown NEWS

NEWSLETTER 1, TERM 3

21ST AUGUST 2026

A passionate learning community that inspires, challenges, and supports all students to succeed, and empowers them to be resilient and respectful

FROM THE PRINCIPAL

Dear parent and carers,

It has been a busy term so far at Castletown PS, with students enjoying a range of learning opportunities both in and beyond the classroom.

Our Year 6 students recently participated in Have a Go Day, an event that gives students the opportunity to try a variety of sports and activities that they may not normally experience. Students selected two sports to participate in during the day and thoroughly enjoyed challenging themselves, learning new skills, and connecting with students from other schools. Thank you to the organisers and volunteers who made the event possible.

We were also delighted to welcome Australian Baroque, who spent time working with our Year 4-6 students alongside students from Nulsen Primary School. The workshops are part of preparations for the upcoming exciting performances at the Esperance Civic Centre on Friday 11 September and Saturday 12 September. It has been wonderful to see students developing both their musical skills and confidence as performers. Thank you to all families who have returned their participation forms.

A reminder that School Photos will take place next week on Wednesday 26 August and Thursday 27 August. We look forward to capturing another year of memories and ask families to ensure students are in full school uniform on their allocated day.

We are also excited to see Rooms 4 and 5 lead our school assembly on Friday 28 August. Assemblies provide a valuable opportunity for students to share their learning and celebrate achievements with our school community, and families are warmly invited to attend.

Finally, a reminder that Monday 24 August is a School Development Day, and students will not attend school on this day. Staff from schools across the Esperance region will gather at Esperance Senior High School for a day of professional learning and collaboration. These opportunities allow educators to share effective practices, learn from one another, and continue improving outcomes for students across our region.

As always, thank you for your ongoing support of our school. We look forward to another busy and rewarding few weeks ahead.

Kind regards

David Vooght-Simpson
Principal

DEPUTY'S DESK

URSTRONG is a key part of social and emotional learning at Castletown PS and focuses on empowering kids with friendship skills! Through the program, we teach proven, skills-based strategies that teach kid-friendly concepts, skills and language to help students build and maintain healthy friendships.

As a URSTRONG School, our parents get access to a free lifetime membership!

- [Click here](#) to view an overview of URSTRONG.
- Activate your **FREE Parent Membership** and explore all the resources available to your family.
- Explore the hundreds of resources available to you!

Supporting your child's friendships – how much should you get involved?

- **Think of Yourself as a "Friendship Coach":** The Founder of URSTRONG was interviewed by the Sydney Morning Herald who asked her, "Should parents get involved in their kids' friendships?" Click the link above for some Dos & Don'ts to coach your child from the sidelines.

David McLaren
Deputy Principal

Celebrating Our Leadership Team

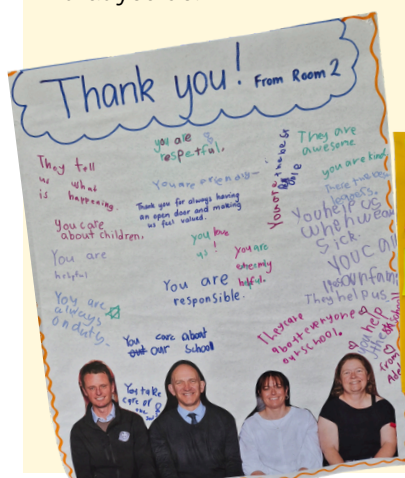

During Week 3, we proudly celebrated the outstanding leadership team at Castletown Primary School: Principal David Vooght-Simpson and Deputy Principals Julie Fetherston, David McLaren and Susie Watt.

Their dedication, care and commitment help create the positive, inclusive and supportive school community we are proud to be part of. Every day, they lead with passion and purpose, supporting students, staff and families while guiding our school's vision and success.

As a special gesture of appreciation, staff and students shared heartfelt messages of thanks on classroom doors throughout the school, recognising the positive impact our leaders have on our daily lives.

Thank you, David, Julie, Dave and Susie, for your hard work, leadership and unwavering support. Castletown Primary School is a wonderful place to learn and grow because of all that you do.

**Happy
Principal's Day!**

Our New Faction Shirts Have Arrived!

We are thrilled to announce that our new faction shirts have finally arrived!

What a journey it has been. From the very first logo designs, created in collaboration with our Aboriginal students, staff, and School Board, to the final production stage, this project has been a true community effort.

While the production process presented some challenges and delays along the way, we appreciate everyone's understanding and patience, especially those families who pre-ordered their shirts. Thank you for your support throughout the process.

Pre-orders will be filled first, and then our wonderful P&C Uniform Manager, Kylie Krul, will be busy adding the shirts to the QuickCliq program so that they can be purchased online.

We can't wait to see our students proudly wearing their new faction shirts!

YR 6 - HAVE A GO DAY

On Friday the 31st July our Yr 6's attended the annual Have a Go Day Carnival with all the other Yr 6's in the region. Each student chose two sports to try and every sport was run by a professional coach. All students had a blast as they tried sports such as yoga, badminton, taekwondo, netball, AFL, cricket, hockey, soccer, golf and rugby. The carnival also provided a great opportunity for students to meet peers from other schools and begin building new friendships and connections ahead of their transition to high school next year. The day was a huge success, with many students leaving inspired to explore new sporting opportunities in the future.

The long jump pits have an alternative purpose when there's no athletics!

YEAR 4/5 STUDENTS ENJOY ESHS PERFORMANCE

Our Year 4/5 students had a wonderful opportunity to attend a special preview performance of *Washed Up*, presented by the talented students of Esperance Senior High School.

The production was full of energy, creativity and talent, keeping our students entertained from start to finish.

A highlight of the performance was seeing former Castletown students take to the stage with confidence and enthusiasm. Thank you to the students and staff at ESHS for the invitation and for sharing this wonderful theatrical experience with us.

Congratulations to everyone involved on a fantastic production!

Congratulations to our *SUPER!* R.I.B.I.T Readers

50 Nights of Reading

EC4 - Wynter Bourne

Room 4 - Eli Turrell

Room 7 - Halle Lowdon

Room 14 - Chayse Thornton, Skyla Brensell, Arden Lister, Harlen Tucker

Room 14 - Rory Stephen

150 Nights of Reading

Room 4 - Ezra Pratt, Verety Carmody, Reid Agenbag

Room 14 - Zahlee Rozynski

RIBIT

Reading in bed is terrific!

ROOMS 4 AND 5 LEARN ALL ABOUT HEARING!

During Week 3, students in Rooms 4 and 5 enjoyed an amazing incursion all about the ear and hearing. We were very lucky to welcome Amber Macdonald-Razvi from SSEN Sensory, who shared her knowledge and helped us learn more about something we use every day but often take for granted.

Students discovered the three best ways to communicate with someone who has a hearing impairment and learnt how important it is to speak clearly, face the person, and gain their attention before talking.

One of the highlights of the session was acting out the different parts of the ear. Students became the outer ear, eardrum, tiny ear bones, and auditory nerve, showing what happens when someone says "hello" and how the message travels all the way to the brain. The incursion was hands-on, engaging, and full of fascinating information. Everyone left with a greater understanding of how our ears work and how we can support people with hearing impairments.

Fun Fact: Did you know that the smallest bones in the human body are found in your ear? These tiny bones help carry sound vibrations to the inner ear so your brain can understand what you hear!

A big thank you to Amber Macdonald-Razvi (SSEN Sensory) for visiting our school. We greatly appreciated your time and expertise, and we were all very interested in learning about the amazing ear and how it helps us connect with the world around us.

Bonus Fun Fact:

Your ears never stop listening, even when you're asleep! 😴👂

While you're sleeping, your brain still listens for important sounds, like your name being called, an alarm clock, or a parent calling you.

ASSEMBLY HIGHLIGHTS

Year 4 Students Make a Splash!

Our Year 4 students delighted the audience with their performance of *The Great Underwater Swim Spectacular*. Filled with synchronised swimmers, colourful sea creatures, lifeguards and narrators, the performance brought an exciting underwater world to life while celebrating their preparations for next term's school swimming carnival.

Rooms 13 and 14 should be incredibly proud of their entertaining and enthusiastic performance. The students' confidence, creativity and teamwork were on full display, making it a memorable item for everyone who watched.

A special thank you to The Bijou Theatre for generously providing costumes, and to our wonderful families for supporting students with their costumes and speaking roles.

Congratulations to all involved on a fantastic performance!

CONGRATULATIONS

Merit Certificate Winners

Congratulations!

Golden Jacket & Golden Broom Winners

Aussies of the Month

Congratulations to Darcy and Aio, our well-deserved Aussies.

Darcy for showing outstanding kindness and friendship during an excursion.

By ensuring another student was included in activities and showing support. You made a positive difference to that student's day.

Aio for your positive influence, care and support of younger students. You are making a meaningful difference to our school community through your Wellbeing Leader role.

Well Done

ADVENTURES DOWN UNDER IN EC4!

What an exciting time we have been having in EC4 as we explore the fascinating world of Australian animals. We have immersed ourselves in the much-loved story *Possum Magic*, following Hush and Grandma Poss on their magical adventure. Along the way, we have discovered what it might be like to be invisible and explored the delicious Australian foods that could help Hush become visible again! We have brought our learning to life through some wonderful hands-on experiences, making and enjoying our very own Vegemite sandwiches and tasting delicious lamingtons. Our classroom has certainly been filled with some very interesting sights, smells and flavours! Our Talk4Writing journey has taken us into the wild world of Crocodiles. We have unleashed our creativity by designing our very own imaginative crocodiles, each one unique and full of character. We are eagerly looking forward to reading and exploring the rich text *Wombat Stew* and, of course, creating our very own versions of this famous Australian dish! It has been a magical and delicious learning adventure so far, and we can't wait to see where our Australian animal journey takes us next!

ROOM 2

*We've been learning every day,
in many fun and exciting ways!*

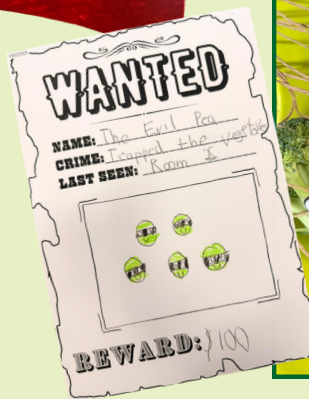

In Writing, narratives have been our guide, as we explored character flaws with pride.

Then the Evil Pea came bursting through our door, creating trouble like never before!

He trapped our vegetables, one by one, and thought his naughty work was done.

But Timid Tato may yet surprise, with courage growing before our eyes.

Could Super Tato save the day? We'll have to wait and see what comes our way!

In Maths, multiplication has been our focus too, with lots of hands-on learning to do.

We made equal groups and counted with care, finding repeated addition everywhere.

Then multiplication sums helped us see, how numbers work together brilliantly!

Our City Arrays were quite a sight, lined up in rows, neat and bright.

Skip counting by 2s, 5s, and 10s each day, helped our maths skills grow along the way.

From stories to numbers, we've come so far, Room 2 students are shining stars!

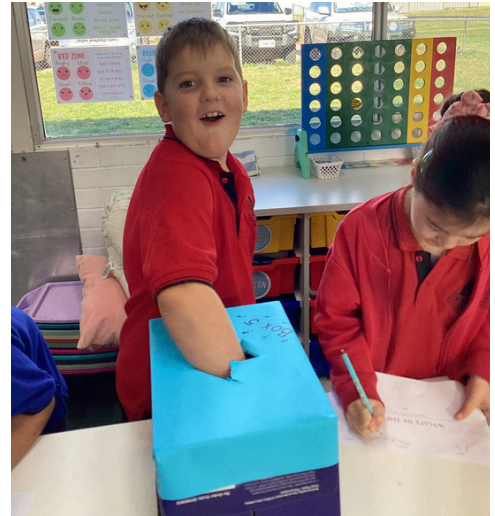

TALK FOR WRITING: CREATING SUSPENSE!

Students in Rooms 4, 5, 6 and 7 recently took part in an exciting Talk for Writing activity designed to help them understand the concept of suspense.

Mysterious boxes appeared in the classrooms, and students were challenged to feel the objects inside without looking. As they carefully reached in, there were plenty of surprised reactions, nervous giggles and even a few shocked faces! Some students were completely freaked

out by the mystery items hiding inside the boxes.

This hands-on experience helped students explore how authors create suspense by keeping readers guessing and building a sense of anticipation. It was a fun and memorable way to bring our writing learning to life while encouraging students to think about how they can use suspense in their own stories. We can't wait to see the suspense-filled writing that comes from this experience!

Bus seat makes welcome addition

What an amazing addition to our school grounds! This bench seat around the pine tree at the front of the school was designed and built by Neil Weckert and the Men in Sheds team. Our bus students will enjoy having a comfortable place to sit while waiting for their buses. Thank you to Neil and the team for their outstanding work.

LATEST NEWS

A group of ten student councillors, five boys and five girls, are posing outdoors. They are wearing red and black uniforms with a school crest. They are standing and sitting on a large log. The background shows a school building and trees.

Castletown Newsbreak

Brought to you by our student councillors

ROOM 10

Room 10 has recently begun reading the novel **Wonder** by **R.J. Palacio**. As we explore the opening chapters, students have been unpacking the text and developing a strong connection with the main character, August (Auggie) Pullman. Auggie is a ten-year-old boy with a facial difference who is attending school for the first time after being homeschooled. Through discussions and reflective activities, students have been considering Auggie's thoughts, feelings and experiences as he navigates the challenges of starting at a new school. We have already been impressed by the empathy and insight shown by our class as they make personal connections to the story and explore important themes such as kindness, acceptance and friendship. We look forward to continuing Auggie's journey and discovering the valuable lessons the novel has to offer.

Our Talk for Writing text this term is Eureka!, an exciting narrative set during the Australian gold rush. The story follows a digger who finds himself in trouble when troopers arrive demanding to see his mining licence, creating tension and suspense as the events unfold. As we explore the text, students are identifying the key features of effective narrative writing and building their own writer's toolkit. We have been focusing on using carefully chosen vocabulary to create a specific mood and effect, helping readers feel the emotions and atmosphere of a scene. It has been wonderful to see students experimenting with powerful word choices and descriptive language in their own writing. Some fabulous short burst writing is emerging, showcasing creativity, imagination and an increasing confidence in crafting engaging narratives

In Mathematics, Room 10 has been focusing on fractions and developing a deeper understanding of how fractions work. Students have been learning to identify and find equivalent fractions, compare and order fractions, and confidently add and subtract fractions with the same denominator. We have also been exploring improper fractions and practising how to simplify them into mixed numbers. Through hands-on activities, problem-solving tasks and mathematical discussions, students are building their confidence and fluency with fraction concepts. It has been fantastic to see students applying their knowledge to explain their thinking and tackle increasingly challenging fraction problems with persistence and enthusiasm.

BOOK WEEK DRESS UP PARADE

As Book Week approaches, excitement is building for this year's theme, ***Symphony of Stories!*** Students are invited to dress up as their favourite book character and join us for our annual Book Week Dress Up Parade:

When: Friday 28 August 2026

Time: 9.00am

Where: Old Undercover Area

Everyone is welcome to come along and enjoy the parade.

Remember, costumes do not need to be elaborate or expensive.

A simple, creative idea can be just as effective. Most importantly, Book Week is about celebrating books, reading and the joy of stories.

We can't wait to see the wonderful characters our students bring to life!

AUSTRALIAN BAROQUE AND NULSEN PS VISIT

Students filled the undercover area with wonderful music when Australian Baroque visited Castletown Primary School alongside students from Nulsen Primary School for a special Massed Choir Festival rehearsal.

Led by Pia Harris from Australian Baroque, students practised their songs and actions in preparation for the festival performance on 11 September. Pia challenged students to sing without relying on the lyrics and reminded everyone that choir singing is a team effort, with every voice contributing to the final performance.

This rehearsal was particularly special as it was the first time students from the two schools had practised together. Students worked hard on the five songs they will perform at the festival:

- Believer – Imagine Dragons
- I'm Still Standing – Elton John
- Revolting Children – from Matilda
- Let Me Entertain You – Robbie Williams
- Can't Stop the Feeling! – Justin Timberlake

The enthusiasm, teamwork, and beautiful singing on display have everyone looking forward to an exciting Massed Choir Festival performance in September.

CELEBRATING AND EXPLORING ABORIGINAL ART

Students across Years P - 6 viewed and discussed artworks by significant aboriginal artists as inspiration for their own compositions. These included brightly coloured artwork by **Jimmy Pike**, ochre coloured, map like compositions by **Rover Thomas** and monochrome clan designs by **Malaluba Gumana**.

This Term at Esperance SHS

We had a terrific end to Term 2 and start to Term 3 at Esperance Senior High School, our students have been embracing opportunities to learn, create and connect both inside and outside the classroom.

Community and Opportunity

During NAIDOC Week, our Clontarf, Stars and Follow the Dream students worked alongside students from Nulsen Primary School at the community NAIDOC event. To wrap up the eleven week term our sporting teams braved the wet weather in Perth to compete with other country schools.

Beyond the classroom, students are continuing to explore future-focused learning, career pathways and real-world experiences.

Future Focused Learning

Our upper school scientists have put on their wet weather gear and braved the cold to learn all about the habitats in our lakes & ocean.

Most recently our talented students took to the stage with the 2026 school production *Washed Up*, written and directed by talented teacher Lyndel Taylor, performed at the Esperance Civic Centre.

We welcomed award winning author AJ Betts, who worked with students across Year 7-8 Enrichment and Year 11-12 ATAR English.
